EXPERIENCE

GoldTech ICT Hub, Allen Ikeja, Lagos — *Full-stack Developer*

JAN 2020 - PRESENT

- Completing a complex project on time and within budget
- Sharing knowledge and experience with junior engineers to help them improve their skills, build confidence, and achieve their career goals.
- Consistently delivering high-quality work, providing excellent customer service, and demonstrating professionalism and integrity
- Flexibility and management of projects not to exceed their date of completion

Data-Point LTD, Apapa, Lagos — *Web Development Instructor*

SEPT 2018 - OCT 2020

- Positive feedback from students
- As an Instructor, I engage and motivate students to make sure that all students can complete the course
- Improve student outcomes by making sure they use the skill they have learnt in solving a real-life problem
- As an Instructor, I take the initiative to learn new skills, pursue advanced and modern ways
- Carry all students along in making sure that team projects are make by team work and individual projects are done individually
